“ We wanted a comprehensive SaaS based retail solution that would have the ability to work both online and offline to cater to our specific needs. GoFrugal could provide this quickly and is also playing an active part in our technology vision towards moving this application to smart phones and to our entire supply chain ecosystem. Thanks to GoFrugal. ”

Mr. Satyanarayan K Founder
 New Horizon Media

“ GoFrugal's cloud POS helped us to understand our business health & cross check at multiple levels. We are able to plan, purchase and invest only in fast moving products there by overcoming the financial burden by investing on non-moving products. The stock transfer between the locations became smooth and easy. ”
